Neighborhood

Beautification

The decay of a neighborhood doesn't happen overnight. It begins with a property owner who either doesn't take pride in his property or can't afford to maintain it. The house eventually takes on an air of shabbiness, the yard piles up with broken cars & appliances, and the landscaping is let go. As adjacent homeowners leave the area, new property owners may be less inclined to maintain their properties and the seediness spreads to other blocks. These sorts of cycles seem to happen in neighborhoods, and eventually, many of them bounce back. For those that don't, residents of the neighborhood have to jump in and start a neighborhood beautification effort. Beautifying a neighborhood can take a lot of work, but is not an impossible job. Save A Dream believes in the sanctity of beauty in our communities. Save A Dream takes pride in helping to establish a neighborhood beautification program in areas of need. Volunteers are available and ready to assist you in beautifying your home or neighborhood. If you want to request volunteer assistance or be a volunteer yourself, contact Save A Dream for more information.

GARBAGE CONTAINER COLLECTION

Save A Dream, partnered with your local waste collection service and volunteers would like to assist with waste removal in your community. If you have difficulty moving your waste containers to the curb for pick-up and back out of public view due to a disability, volunteers are available to assist. Save A Dream can also assist with backyard garbage, recycling and yard waste collection service at

GREEN THUMB PROGRAM

The Green Thumb Program is an assistance program that helps individuals in need of lawn care and maintenance of their property. Volunteers assist with snow removal in the winter months and lawn mowing and gardening in the Spring and Summer months.

GRAFFITI COMBAT

Tired of Graffiti in Your Neighborhood? Volunteers are available to help clean up graffiti on property **FREE of charge** as long as it is accessible. To request volunteer services please send an e-mail to CleanUp@SaveADream.org.
